LWVEA Co-Sponsors Kids Count Symposium

The 2011 Illinois Kids Count data book, published by Voices for Illinois Children, looks at the many factors that prepare children to have the greatest opportunities for learning in school. By the end of third grade, children should be ready to make the shift from "learning to read" to "reading to learn" – a critical building block for continued success. Much goes into preparing children for this transition, from high-quality early learning opportunities to good health to supportive families and communities. The Kids Count Symposium will provide the opportunity for attendees from Suburban Cook, DuPage and Kane Counties to hear leading experts discuss the importance of the years from birth to 8 and how these years impact life- long learning.

Please mark your calendars:

What do you picture as a "forest preserve"?

Choice A

Choice B

The mission of the forest preserve is to restore, restock, protect, and preserve

Public meeting hosted by Senator Noland				
Where:	Dundee Township Park District Senior Center			
	665 Barrington Avenue, Carpentersville			
When:	10/19/11 from 7:00 to 9:00 p.m.			
Why:	Discussion on bill SB2484, which would			
	preclude mining on forest preserves unless			
	mining already occurred at the site			

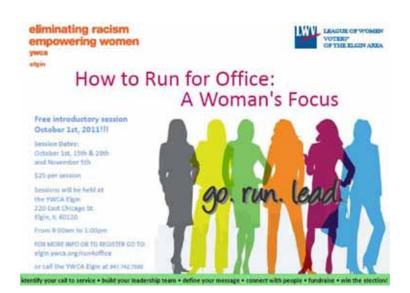

Come and make your voice heard on Wednesday, October 19th

Current legislation for Forest Preserve Districts enables mining on forest preserves. Wouldn't it be logical to protect the very land the trees of a forest grow on? Wouldn't it be logical to retain the land versus mining it and thereby losing the land forever? Wouldn't it be logical for the government to follow its mission and not run a mining business? It certainly is logical that mining companies would want access to public lands since purchasing land is expensive and mining removes the value of the land itself. New legislation to exclude mining on forest preserves will insure common sense prevails.

Run Like You Mean It Sigi Psimenos

As you know, our league together with the Elgin YWCA are combing our efforts in presenting an exciting program titled "How to Run for Office-A Woman's Focus". (First let us assure you that although this program is geared to women, men are not excluded, and will likewise be able to benefit greatly from their participation in the 4 sessions.)

It's our intention to teach this course in an effort to induce good people to run for public office by

taking the mystery of running a campaign out of the mix. Take a moment of run through this draft, and we'll be in touch shortly with the final product- Diane Robertson, Loni Mecum & Sigi Psimenos.

Introductory Session Saturday, October 1, 2011

Orientation and the Nuts and Bolts Running for Political Office - Free to the Public 9:00 am to 10:30 am: Identify Your Call to Service; Know Your Community and the opportunities. Why do you really want to run? Do you have time to do the job? Challenges women face! What if you take care of the one issue that made you run-Will you be willing to tackle the many other issues that will certainly follow?

Federal Education Study Underway

Laurel Bault

Collaborative work between Elgin and Central Kane Leagues on the Federal Role in Public Education study is going well! The Education Study scope focuses on public education from preK through grade 12, with a focus on (subcommittee 1) Common Core Standards, and (sub-committee 2) Funding and Equity Issues.

The Consensus Process is the backbone of the League of Women Voters. PLEASE MARK YOUR CALENDAR today for Saturday, October 22, 2011 – 8:30 a.m. and join both Leagues in discussion and consensus process for this very important study. The schedule for the day is as follows:

October 22, 2011 (Saturday): League Consensus Meeting

8:30-9:30 overview of core standards/assessment 9:30-10:30 meet in separate leagues for consensus 10:30-11 break

11-12 funding and equity overview

12-1 meet in separate leagues for consensus. This schedule will allow League members to participate in both pieces of the process, or a choice of one or the other.
